aí
HUB The Active Implementation Hub

Welcome to the Active Implementation Hub. This site is designed to help individuals, teams and organizations learn about and apply the Active Implementation Frameworks. You will find modules, lessons, planning tools and other resources available to support you in this process. Modules include content, activities, handouts, resources and assessments designed to promote the knowledge and practice of implementation science and scaling-up. Lessons provide additional information on specific implementation tools and practices.

We encourage you and your team to use this Independent Learning Plan as a guide to learning about and applying the information on this site. This Learning Plan includes a recommended progression to using the modules, and identifies specific activities, tools, lessons and resources to guide your team in the application and installation of the Active Implementation Frameworks and the development of an implementation plan for your organization.
